**Subject:** Proposition 84 Urban Greening Grants

Dear Natural Resources Agency Staff,

VTa, as the Congestion Management Agency and transit agency for Santa Clara County, would like to submit comments on the Guidelines for Proposition 84 Urban Greening Grants. Our comments are described as following:

- a. The descriptions of "urban greening plans" are very vague. We are wondering if the descriptions are intentionally kept board to allow various types of plans; if not, we would suggest further clarification be provided.
- b. On Page 2: 3. Currently reads: Be consistent with the jurisdiction's general plan or regional plan, where one exists.

Change to: Be consistent with the jurisdiction's or agency's general plan, regional plan or long-range transportation plan, where one exists.

Thank you for considering our comments. If you have any questions please feel free to contact me.
